APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the point of diversion and place of use of a portion of the waters of Small's (Edgewood) Creek as heretofore granted under Certificate No. 357, Proof No. 02388 - Small's (Edgewood) Creek Decree, is issued subject to the terms and conditions imposed in said decree and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the new point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.18 cubic feet per second, but not to exceed a yearly duty of 32.4 acre-feet per acre of land irrigated from any and/or all sources.

Actual construction work shall begin on or before October 21, 1967

Proof of commencement of work shall be filed before November 21, 1967

Work must be prosecuted with reasonable diligence and be completed on or before October 21, 1968

Proof of completion of work shall be filed before November 21, 1968

Application of water to beneficial use shall be made on or before October 21, 1970

Proof of the application of water to beneficial use shall be filed on or before November 21, 1970

Map in support of proof of beneficial use shall be filed on or before November 21, 1970
